 - CSS3
 - JavaScript (ES6+)
 - TypeScript
 - React
- **Tools / CSS & Styling**
 - Tailwind CSS
 - Ant Design
 - Bootstrap
 - CSS Modules
 - SASS
 - Framer Motion

■ API / State-Management / Testing

- Redux
- RTK Query
- useContext
- Axios
- Postman
- Swagger

Career Skills

- **Responsive Web Design** – Ensuring web pages render well on a variety of devices and screen sizes, using mobile-first design.
- **Component-Based Development** – Building reusable UI components with React, Component Libraries, CSS Modules for maintainability.
- **State Management & API Integration** – Managing application state with Redux (including RTK Query) and integrating with RESTful APIs via Axios.
- **CSS Preprocessors & Modern Styling Frameworks** – Skilled in SASS, Tailwind CSS, Ant Design, MUI, Bootstrap, and styling animations with Framer Motion.
- **Testing & Documentation** – Using Postman & Swagger for API testing/documentation; ensuring code quality and ensuring front-end works reliable with backend.

Courses

May 2021

■ Full-Stack Web Developer Certificate

Achievements

- Conducted thorough API testing and documentation with Postman and Swagger, boosting project delivery accuracy and efficiency.
- Conducted detailed market analysis and property valuations leveraging commerce background, enhancing accuracy in real estate pricing recommendations.
- Developed strategic marketing plans that increased property listing exposure and attracted targeted client segments, leading to higher sales conversion rates.
- Utilized negotiation and sales expertise to close deals efficiently, consistently achieving or exceeding sales targets in competitive real estate markets.
